

OTHER SERVICES

Beyond the drip

 **U.S. Derived Allografts**
Harness regenerative potential to support healing & recovery

MIND & MOOD CARE

 **Board-Certified Psychiatric Mental Health Provider (PMHNP-BC)**

In-person at both locations, or telehealth consults.

 **Exomind™ TMS**
Noninvasive magnetic brain stimulation — drug-free, no downtime. FDA-cleared for major depressive disorder. In our clinic, as at Exomind centers nationwide, we also treat patients for PTSD, anxiety, brain fog, and cognitive decline.

Uses beyond the FDA-cleared indication are off-label and determined by your provider. Individual results vary. Not medical advice.

Consultation and treatment, under one roof.

 **Infrared Thermographic Scanner**
Full-body scan that detects inflammation & supports diagnostic monitoring

 **High-Definition Volumetric CT**
Rapid, high-resolution 3D imaging for precise diagnostic evaluation

 **Hyperbaric Oxygen Chamber**
Accelerates healing, reduces inflammation, & boosts skin rejuvenation

 **Peptides**
503A patient-specific prescriptions to enhance recovery, support muscle growth, promote cellular repair, & aid weight loss

 **TRT / HRT**
Hormone replacement to restore balance, boost energy & mood, & support sexual health for men & women

 **Red Light Therapy**
Reduce pain & inflammation, boost blood flow, & stimulate collagen

 **CO2 Laser CoolPeel**
Resurface skin, reduce wrinkles & scarring, & stimulate collagen production

NOW AVAILABLE

Regenerative Cellular — Allografts, Exosomes & Peptides

SOFT TISSUE REPAIR · PAIN REDUCTION

HOW WE SOURCE

- ◆ U.S.-sourced donor tissue from AATB-accredited recovery partners
- ◆ Donor-screened and tested under FDA 21 CFR Part 1271
- ◆ Cryopreserved and delivered in a validated cold chain
- ◆ Handled as §361 HCT/PS — minimally manipulated, homologous use

Ask why we won't call them stem cells.

Statements have not been evaluated by the FDA. These services are not intended to diagnose, treat, cure, or prevent any disease. Some therapies are used off-label at provider discretion. Individual results vary. Prices subject to change.

Powerful peptide that reduces inflammation & pain & promotes healing of musculoskeletal injuries

WHY IV & IM?

Oral supplements have to survive digestion, and much of what you swallow never reaches your bloodstream. Delivered intravenously or intramuscularly, micro-nutrients bypass the gut entirely and arrive at full strength — immediately available to your cells.

National nutrition surveys consistently find a large share of American adults falling short on key nutrients like magnesium, vitamin D and the B-vitamins. IV and IM supplementation is a long-established, clinically supervised way to close that gap.
